

Feel! Munich Dry Gin

100 % handmade

Feel! Gin a delight for all your senses
Drink it. feel it. Love it.

A gin that is truly made in Munich certainly incorporates that it is only enriched by the city's renowned naturally pure drinking water. Munich's water supply comes directly from the Bavarian alpine uplands and is being praised regularly for its outstanding quality. But before Feel! Gin can be reduced to its ideal drinking strength of 45 %vol it undergoes a mellow, aroma preserving filtration process. The renunciation of using protein filters for this procedure allows us to officially declare Feel! Munich Dry Gin as being a vegan product. Vegan is the term given to products which contain no animal components. Thus, with Feel! Gin you can rest assured that no animals were harmed in its production. Set aside the alcohol content, it is a truly guilt-free pleasure!

Size : 500ml. Alc:45% vol.
